Ofsted

After a very busy 3 days I would like to thank you so much for completing the recent parent survey and for the continued support you give our school. Your encouragement really made a difference to us on the gates and classroom doors and helped our children to feel confident and calm.

We are incredibly proud of the way the children represented the school as they were polite, engaged and helped to show off just how hardworking they are. I also want to recognise how hard our staff worked throughout the inspection: teachers and support staff gave their very best to ensure lessons ran smoothly and that every child was supported.

Inspectors have given verbal feedback to leaders, but we are not able to share the official findings until we receive the final report from Ofsted. The final report is expected within 30 working days from the inspection; we currently anticipate this will be on or around Friday 23 October 2026. As soon as we receive the final report we will share it with parents and publish it on the school website within five working days.

Thank you again for your support – we will all sleep soundly this weekend.

A Swashbuckling Day in Year 2

Last week, Year 2 had a fantastic Pirate Day! Oo-arr! We all dressed up as captains, deck scrubbers and scurvy sea dogs! We used our art skills to paint a watercolour background and later created a self-portrait of us as pirates. We read many a pirate story, played pirate team-building games on the field, and, finally, made treasure to hide and find in the woodland! We were sad to return to our landlubbing selves after such a great day. Thank you to all the families for embracing the pirate theme - we loved all of the homemade props!

Macmillan Coffee Morning

We will be supporting this amazing cause later on this academic year. We will share further information with you when we have a confirmed date.

Pupil Premium

The Pupil Premium was introduced in April 2011. It represents additional funding that the government gives to schools for each pupil considered to be 'disadvantaged'. The money must be spent on these pupils to support their education, but it is for the school to determine how it is spent. The Department of Education website is a good source of additional information:

https://www.gov.uk/government/publications/pupil-premium/pupil-premium

Please can I urge those families who may be entitled to free school meals to register their entitlement here:

https://apply.cloudforedu.org.uk/ofsm/hants

Even if your child is in Key Stage 1 and entitled to free school meals as a matter of course. Additional funding, to be spent in aspects of provision for your child, is given to every school, based on the known free school meal figures.

Contact the school office if you would like to find out more about registering your child for free school meals/pupil premium funding. This information will be held confidentially by the school. Miss Eggleston can offer further information to those parents enquiring about the use of the Pupil Premium.

Little food explorers

Fun food sessions for children aged 4-11 in Winchester

Meet the trillions of tiny helpers running your body — and learn how to keep them thriving.

Your gut is home to trillions of microbes that rule everything from energy to mood to immunity — and what you eat decides whether they thrive or struggle. 🔬 **What We Learn:**

✅ The science of gut microbes — and why they're so important
✅ Eating the rainbow: which foods fuel a thriving gut (and which don't)
✅ Reading food labels like a pro — spotting what's really inside
✅ Where food comes from, farm to plate
✅ Real cooking skills — turning nutrition knowledge into meals they're proud of

Kids don't just learn facts — they learn to take charge of their own health, one meal at a time.
